Charles Horn, vice chairman and acting chief executive officer of Alliance Data, commented, "2019 was a transitional year for Alliance Data. While our financial results certainly did not meet original expectations, we made several strategic changes during the year that should benefit our future. To list a few:

- Shifted our client base in Card Services toward faster growing companies and verticals by selling approximately \$2.1 billion in non-strategic receivables;
- Simplified our story and returned capital to our shareholders by divesting Epsilon and Precima (January 2020);
- Streamlined the parent company cost structure eliminating over \$100 million in annual operating costs;
- Changed the leadership and cost structure at LoyaltyOne, which contributed to a 21 percent increase in constant currency adjusted EBITDA for the fourth quarter;
- Extended the debt maturity ladder at the parent company providing liquidity that can be used to re-invest in the company; and
- Hired a seasoned industry veteran from Citigroup, Ralph Andretta, to lead the company going forward.

"During 2020, management and the board of directors will continue to evaluate strategic opportunities to better position the company moving forward."

#### **CONSOLIDATED RESULTS**

#### FOURTH-QUARTER CONSOLIDATED RESULTS

Revenue decreased less than 1 percent to \$1.46 billion for the fourth quarter of 2019. EPS decreased 41 percent to \$2.74 for the fourth quarter of 2019, negatively impacted by (\$0.65) in restructuring and strategic transaction costs. Core EPS decreased 29 percent to \$4.12 and adjusted EBITDA, net decreased 39 percent to \$278 million for the fourth quarter of 2019. EPS, core EPS and adjusted EBITDA were negatively impacted by a 59 percent decrease in earnings before taxes at Card Services.

Revenue decreased 2 percent to \$5.58 billion for 2019. EPS decreased 35 percent to \$11.24 for 2019, negatively impacted by (\$3.07) in loss on extinguishment of debt and restructuring and strategic transaction costs. Core EPS decreased 14 percent to \$16.77 and adjusted EBITDA, net decreased 21 percent to \$1.27 billion for 2019.

#### **FULL-YEAR SEGMENT RESULTS**

LoyaltyOne<sup>®</sup>: Constant currency revenue increased 1 percent to \$1.08 billion while constant currency adjusted EBITDA was flat at \$253 million for 2019. AIR MILES<sup>®</sup> reward miles issued increased less than 1 percent for 2019. Changes to the collector value proposition during 2019 are expected to stimulate issuance growth in 2020. BrandLoyalty returned to double-digit adjusted EBITDA growth for the year as a result of better program mix and cost containment initiatives undertaken in 2019.

Card Services: Revenue decreased 1 percent to \$4.55 billion due to nominal growth in normalized receivables coupled with a 50 basis points decline in gross yields. Adjusted EBITDA, net decreased 25 percent to \$1.12 billion for 2019, primarily a result of an additional \$90 million negative adjustment to the carrying value of held-for-sale receivables and a \$172 million increase to the loan loss provision, as principal loss rates stabilized in 2019 as compared to improving in 2018.

Net principal loss rates were 6.1 percent in 2019, 3 basis points better than 2018, while delinquency rates increased slightly to 5.8 percent at December 31, 2019 primarily due to the turn of receivables acquired in the second quarter of 2019.

#### 2020 Guidance

Revenue of \$5.6 billion, essentially flat with 2019. Core EPS of \$20.50, up 22 percent compared with 2019.

#### **Forward-Looking Statements**

This release contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. Forward-looking statements give our expectations or forecasts of future events and can generally be identified by the use of words such as "believe," "expect," "anticipate," "estimate," "intend," "project," "plan," "likely," "may," "should" or other words or phrases of similar import. Similarly, statements that describe our business strategy, outlook, objectives, plans, intentions or goals also are forward-looking statements. Examples of forward-looking statements include, but are not limited to, statements we make regarding strategic initiatives, our expected operating results, future economic conditions including currency exchange rates, future dividend declarations and the guidance we give with respect to our anticipated financial performance.

We believe that our expectations are based on reasonable assumptions. Forward-looking statements, however, are subject to a number of risks and uncertainties that could cause actual results to differ materially from the projections, anticipated results or other expectations expressed in this release, and no assurances can be given that our expectations will prove to have been correct. These risks and uncertainties include, but are not limited to, factors set forth in the Risk Factors section in our Annual Report on Form 10-K for the most recently ended fiscal year, which may be updated in Item 1A of, or elsewhere in, our Quarterly Reports on Form 10-Q filed for periods subsequent to such Form 10-K. Further risks and uncertainties include, but are not limited to, the impact of strategic initiatives on us or our business if any transactions are undertaken, and whether the anticipated benefits of such transactions can be realized as well as whether or if any share repurchases are completed.

Our forward-looking statements speak only as of the date made, and we undertake no obligation, other than as required by applicable law, to update or revise any forward-looking statements, whether as a result of new information, subsequent events, anticipated or unanticipated circumstances or otherwise.

#### **Financial Measures**

In addition to the results presented in accordance with generally accepted accounting principles, or GAAP, the Company may present financial measures that are non-GAAP measures, such as constant currency financial measures, adjusted EBITDA, adjusted EBITDA margin, adjusted EBITDA, net of funding costs, core earnings and core earnings per diluted share (core EPS). Constant currency excludes the impact of fluctuations in foreign exchange rates. The Company calculates constant currency by converting our current period local currency financial results using the prior period exchange rates. The Company uses adjusted EBITDA and adjusted EBITDA, net as an integral part of internal reporting to measure the performance and operational strength of reportable segments and to evaluate the performance of senior management. Adjusted EBITDA eliminates the uneven effect across all reportable segments of non-cash depreciation of tangible assets and amortization of intangible assets, including certain intangible assets that were recognized in business combinations, and the non-cash effect of stock compensation expense. Similarly, core earnings and core EPS eliminate non-cash or non-operating items, including, but not limited to, stock compensation expense, amortization of purchased intangibles, restructuring or strategic transaction costs, loss on the extinguishment of debt, amortization of debt issuance and hedging costs. The Company believes that these non-GAAP financial measures, viewed in addition to and not in lieu of the Company's reported GAAP results, provide useful information to investors regarding the Company's performance and overall results of operations.

#### **Reconciliation of Non-GAAP Financial Measures**

Reconciliations to comparable GAAP financial measures are available in the accompanying schedules, which are posted as part of this earnings release in both the News and Investors sections on the Company's website (<a href="www.alliancedata.com">www.alliancedata.com</a>). No reconciliation is provided with respect to forward-looking annual guidance for 2020 core EPS as the Company cannot reliably predict all necessary components or their impact to reconcile core EPS to GAAP EPS without unreasonable effort. The events necessitating a non-GAAP adjustment are inherently unpredictable and may have a material impact on the Company's future results.

The financial measures presented are consistent with the Company's historical financial reporting practices. Core earnings and core EPS represent performance measures and are not intended to represent liquidity measures. The non-GAAP financial measures presented herein may not be comparable to similarly titled measures presented by other companies, and are not identical to corresponding measures used in other various agreements or public filings.
