### Alliance Data Provides Card Services Performance Update For September 2018

Alliance Data Systems Corporation (NYSE: ADS), a leading global provider of data-driven marketing and loyalty solutions, today provided an update on its Card Services segment.

In conjunction with the release of the Company's Master Trust Monthly Noteholder's Statement, the Company is releasing similar metrics for the overall total managed portfolio. The Master Trust data represents a subset of the Company's total managed portfolio, and the Company believes the information presented below provides a more complete view of the Card Services segment.

	For the month ended September 30, 2018	For the three months ended September 30, 2018
	(dollars in thousands)	
Average receivables <sup>(1)</sup> .....	\$ 17,325,159	\$ 17,580,223
Year over year change in average receivables <sup>(1)</sup> .....	8%	10%
Net charge-offs.....	\$ 85,040	\$ 257,935
Net charge-offs as a percentage of average receivables <sup>(2)(3)</sup> .....	5.9%	5.9%
Active clients - average receivables <sup>(4)</sup> .....	\$ 17,314,885	\$ 17,190,507
Year over year change in active clients - average receivables <sup>(4)</sup> .....	17%	17%

<sup>(1)</sup> As part of the repositioning of the Company's receivables portfolio, reported results reflect removal of a liquidating file (The Bon-Ton Stores, Inc.), which caused reported growth to be dampened by approximately 3%.

<sup>(2)</sup> Compares to 4.1% and 5.5% for the month and three months ended September 30, 2017, respectively.

<sup>(3)</sup> Results are consistent with the net charge-off guidance as provided in the Company's second quarter earnings release issued July 19, 2018. We are maintaining our expectations of a mid-5 percent range in the fourth quarter, and approximately 6 percent for the full year 2018. Although the delinquency rate continues to be slightly elevated due to minor noise, an improving recovery rate mitigates the impact to net principal loss rates.

<sup>(4)</sup> Excludes clients in liquidation (The Bon-Ton Stores, Inc.) or bankruptcy (Gander Mountain, Inc.) from 2018 and 2017 average receivables reported.

As of September 30, 2018	As of September 30, 2017
-----------------------------	-----------------------------

(dollars in thousands)

30 days + delinquencies - principal.....	\$	956,371	\$	846,332
Period ended receivables - principal.....	\$	16,476,519	\$	15,581,645
Delinquency rate <sup>(3)</sup> .....		5.8%		5.4%
