

Alliance Data's LoyaltyOne Business Announces Brazilian Coalition Loyalty Program Expansion Into Tenth Market

May 29, 2014

Two New Regional Supermarkets and Consumer Electronics Retailer join dotz Program in Goiania

Dotz's expansion into its tenth consumer-concentrated market represents a total estimated population of more than 26 million Brazilians. Other dotz markets include Belo Horizonte, Brasilia, Sao Paulo State Interior (Campinas), Fortaleza, Recife, Santa Catarina and Curitiba, Joao Pessao and Sorocaba in Sao Paulo Interior, and now Goiania.

In addition to this new market, dotz also announced that regional supermarkets Pro-Brazilian and Hiper Moreira and specialty retailer and consumer electronics partner Novo Mundo have joined dotz's expanding roster of regional and national coalition sponsors that include Banco do Brasil, one of Brazil's largest national banks; Ale, one of the nation's largest gasoline station chains; Bob's, a national fast food restaurant chain; and Pague Menos, a leading national Brazilian drug store chain.

"With more than 13 million members now collecting dotz throughout Brazil, CBSM and LoyaltyOne continue to work closely to expand the program's membership and sponsor core, including identifying new regional and national market growth opportunities, specifically new sponsor issuance and redemption categories in high consumer-traffic regions," said Bryan Pearson, president of LoyaltyOne.

"The launch of Goiania marks our tenth market, and another significant urban metropolitan area to operate the dotz program within," said Roberto Chade, president of Dotz. "Each new market launched reinforces the value proposition of the program and further validates our expansion strategy. We anticipate continued growth in 2014, as we look to penetrate additional consumer-density markets by year's end."

The dotz coalition loyalty program is similar to the Canadian [AIR MILES® Reward Program](#) – consumers can join online or at multiple participating sponsor locations to collect points on their dotz collector cards. Consumers accumulate dotz points through everyday shopping, which can be redeemed for various rewards.

Brazil has the fifth-largest population in the world with more than 198 million citizens (versus approximately 35 million in Canada) and has the characteristics required to host a successful coalition loyalty program.

About LoyaltyOne:

LoyaltyOne is a global leader in the design and implementation of coalition loyalty programs, customer analytics and loyalty services for Fortune 1000 clients around the world. LoyaltyOne's unparalleled track record delivering sustained business performance improvement for clients stems from its unique combination of hands-on practitioner experience and continuous thought leadership. LoyaltyOne has over 20 years history leveraging data-driven insights to develop and operate some of the world's most effective loyalty programs and customer-centric solutions. These include the AIR MILES Reward Program, North America's premier coalition loyalty program; a majority stake in European-based BrandLoyalty, one of the largest and most successful campaign-driven loyalty marketers outside of the Americas; and a working partnership with Latin America's leading coalition program, dotz. LoyaltyOne is also the owner of COLLOQUY, a group dedicated to research, publishing and education for the global loyalty industry.

Alliance Data's Safe Harbor Statement/Forward Looking Statements

This release may contain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Such statements may use words such as "anticipate," "believe," "continue," "could," "estimate," "expect," "intend," "may," "predict," "project," "would," and similar expressions as they relate to us or our management. When we make forward-looking statements, we are basing them on our management's beliefs and assumptions, using information currently available to us. Although we believe that the expectations reflected in the forward-looking statements are reasonable, these forward-looking statements are subject to risks, uncertainties and assumptions, including those discussed in our filings with the Securities and Exchange Commission.

If one or more of these or other risks or uncertainties materialize, or if our underlying assumptions prove to be incorrect, actual results may vary materially from what we projected. Any forward-looking statements contained in this presentation reflect our current views with respect to future events and are subject to these and other risks, uncertainties and assumptions relating to our operations, results of operations, growth strategy and liquidity. We have no intention, and disclaim any obligation, to update or revise any forward-looking statements, whether as a result of new information, future results or otherwise, except as required by law.

"Safe Harbor" Statement under the Private Securities Litigation Reform Act of 1995: Statements in this presentation regarding Alliance Data Systems Corporation's business which are not historical facts are "forward-looking statements" that involve risks and uncertainties. For a discussion of such risks and uncertainties, which could cause actual results to differ from those contained in the forward-looking statements, see "Risk Factors" in the Company's Annual Report on Form 10-K for the most recently ended fiscal year. Risk factors may be updated in Item 1A in each of the Company's Quarterly Reports on Form 10-Q for each quarterly period subsequent to the Company's most recent Form 10-K.
